**GREENWOOD**

The town of Greenwood, formerly Township Number four, was first settled in the year 1800 by William Yeats (Yates), who was born in Scotland. he built his cabin on Patch Mountain, and soon was joined by other settlers. In 1813, the settlers voted to form a plantation government called Plantation Four. In 1816, the plantation voted to incorporate, as the 213th town in the District of Maine. The town was probably named for Alexander Greenwood, a prominent surveyor in the area.

Simeon Sanborn built the first mill in town which was located near Greenwood City, the first village in the town. In 1819, Samuel B. Locke built the second mill in the northern part of town, where a village soon developed known as Locke's Mills. In 1851, the railroad was built through Locke's Mills; an event which was to insure the village's survival.

In 1862, the village of Greenwood City burned to the ground, an event which destroyed most of Greenwood's vital records. Over the years the town has survived on farming, logging, wood turning and mining.

Board of Selectmen  
Town of Greenwood  
Greenwood, Maine

We have examined the general purpose financial statements of the Town of Greenwood for the year ended December 31, 1987, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The town's general purpose financial statements do not include the general fixed assets group of accounts, which should be included to conform with generally accepted accounting principles. The effect of this departure is that an incomplete financial presentation results. The amount that should be recorded in the general fixed assets account group is not known, but would include the cost of all land, buildings and equipment owned by the town.

The town uses the net budget method for both the general and special revenue funds, which does not conform with generally accepted accounting principles. This method of budgeting and accounting causes revenues to be credited against expenditure accounts.

In our opinion, except for the effects of not recording general fixed assets and utilizing the net budget method as discussed in the preceding two paragraphs, the general purpose financial statements referred to in the first paragraph present fairly the financial position of the Town of Greenwood at December 31, 1987, and the results of its operations and changes in financial position of its proprietary fund type, for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the general purpose financial statements, but is presented per statutory requirements and as additional analytical data. The information has been subjected to the tests and other auditing procedures applied in the examination of the general purpose financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

TOWN OF GREENWOOD

NOTES TO FINANCIAL STATEMENTS

December 31, 1987

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Greenwood conform to generally accepted accounting principles as applicable to governmental units, except that the town does not record the general fixed assets group of accounts and uses the net budget method of budgeting and accounting.

A. Basis of Presentation

The accounts of the town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures. The various funds are grouped by type in the financial statements.

Governmental Funds

General Fund - The general fund is the general operating fund of the town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds.

Special Revenue Fund - Special revenue funds are used to account for the revenues derived from federal, state or local grants for specific projects.

Fiduciary Funds

Trust Funds - Trust funds are used to account for assets held in trust by the town for others.

"Memorandum Only" Total Columns

Included on the combined financial statements are total columns captioned "Memorandum Only" to indicate that they are presented only for informational purposes. Adjustments to eliminate interfund transactions have not been recorded in arriving at such amounts and the memorandum totals are not intended to fairly present the financial position or results of operations of the district, taken as a whole.

Additionally, the 1986 totals presented in the "Memorandum Only" columns are included to provide a summarized comparison with comparable 1987 amounts and are not intended to present all information necessary for a fair presentation of financial position and results of operations in accordance with generally accepted accounting principles.

B. Basis of Accounting

The modified accrual basis of accounting is followed by the general and special revenue funds. The modified accrual basis of accounting is defined as the basis of accounting under which expenditures are recorded as incurred and revenues are recorded when received in cash. The accrual basis of accounting is followed by the nonexpendable trust funds.

C. General Fixed Assets

The town does not maintain a complete record of its general fixed assets. Buildings and equipment are principally valued at insured values.

2. Property Tax

The town's property tax for the current year was levied November 16, 1987 on the assessed value listed as of April 1, 1987 for all real and personal property located in the town. Taxes were due November 1, 1987 with interest at the rate of 11% per year or part thereof unpaid on or before December 31, 1987. A 2% discount was voted for all taxes paid within 30 days from date of mailing.

3. Cash and Investments

The town's deposits at year end were covered by Federal Depository Insurance. Maine statutes authorize the county to invest funds in savings banks, trust companies and national banks. Funds can also be invested with state or federal building and loan or savings and loan associations and credit unions.

Bank deposit balances at December 31, 1987 totaled \$220,240.18. Deposits fully insured totaled \$189,760.72. Uninsured deposits totaled \$30,479.46.

4. Deferred Tax Revenues

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized to the extent it will be collected within sixty days following the year end. Deferred tax revenues for the year ended December 31, 1987 amounted to \$94,000.00.

5. Deferred Revenues

Deferred revenues represent items received during the current accounting period that are to be recognized as revenue in the subsequent year. These accounts were as follows at December 31, 1987:

State Revenue Sharing	\$ 4,079.17
Highway Block Grant	26,116.02
Excise Taxes	41,553.89
Educational Tax Relief	4,171.05
Veteran's Tax Exemption	765.79
Total	<u>\$76,685.92</u>

6. General Fund Budget

The town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles, on which amounts for appropriations have been recommended by the Board of Selectmen.

7. Designated for Capital and Special Reserves

Capital and special reserve accounts for various purposes amounting to \$86,500.90, have been established in the past by statutory provisions or by vote of the townspeople. These accounts were invested in time deposits at the year end.

8. Overlapping Debt

The town is liable for its proportional share of any defaulted debt issued by entities of which it is a member. The overlapping bonded debt applicable to the town as of December 31, 1987 consists of the following:

<u>Entity</u>	<u>Percentage</u>	<u>Share on Bonded Debt Amount</u>
S.A.D. No. 44	14%	\$186,200.00

9. Designated for Subsequent Year's Expenditures

Historically, the townspeople vote to allow the Selectmen to carry certain departmental unexpended balances and/or overdrafts forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account.

At December 31, 1987, the following operating account balances were carried forward:

General Government	\$ 49,437.50
Protection	( 3,932.70)
Health and Sanitation	3,797.76
Recreation	864.23
Highways and Bridges	20,142.73
Welfare	4,478.87
Cemeteries	358.46
Libraries	500.00
Public Service	2,380.00
Unclassified	44,697.63
Equipment Account	6,961.45
Total	<u>\$129,685.93</u>

10. Undesignated General Fund Balance

The undesignated general fund balance reflected a net decrease of \$22,283.66 for the current year as follows:

Balance (Deficit) - January 1, 1987	(\$ 3,056.04)
-------------------------------------	---------------

Decrease:

Adjustment - current year's deferred tax revenues	\$33,000.00
--	-------------

Increase:

Net departmental balances lapsed	<u>10,716.34</u>
----------------------------------	------------------

Net Decrease	<u>22,283.66</u>
--------------	------------------

Balance (Deficit) - December 31, 1987	<u>(\$25,339.70)</u>
---------------------------------------	----------------------

11. Departmental Operations

Title 30, Section 5253, M.R.S.A. of 1964, as amended, requires that the audit report contain a statement of departmental operations. The revised Exhibit C fulfills this requirement.

12. Related Party Transaction

It was noted that Selectman Norman Millett performed various contracting work for the Town of Greenwood. Payments amounted to approximately \$7,000.00.

13. Trust Funds

Trust funds of \$5,730.03 for cemeteries were held in trust by the town. This amount, which represented a principal of \$3,196.44 and unexpended income of \$2,533.59, was invested in various time deposits.

14. General

The use of excise tax revenues, highway block grant and transfers from surplus for various operating accounts were authorized by the townspeople at the annual town meeting.

RECOMMENDATIONS . . . The following recommendations are believed worthy of consideration:

General Fixed Assets

We noted that the town does not maintain a record of its general fixed assets and does not include a statement of general fixed assets in its financial statements. Generally accepted accounting principles require that the town maintain a record of its general fixed assets.

We recommend that the town maintain a record of its general fixed assets. This record should be of a perpetual nature and include at actual cost or historical cost if actual cost is not available, all capital items, land and buildings. Deletions should be at actual or historical cost as a result of sale, trade-in or discard. In addition, a town official should be designated to perform periodic inventory checks to ascertain that the items are properly accounted for and adequately safeguarded.

#### Net Budget Method of Budgeting and Accounting

We noted that the town has adopted the net budget method of budgeting and accounting, which results in dedicated or earmarked funds being recorded in the general fund. Generally accepted accounting principles require that dedicated or earmarked funds be budgeted and accounted for in special revenue funds and not the general fund.

We recommend that the town consider adopting the gross method of budgeting and accounting under which dedicated or earmarked funds are recorded in special revenue funds and not the general fund.

#### Deposits in Banks

We noted that the bank balances for general fund accounts at December 31, 1987, were in excess of federal depository insurance coverage, placing the amount in excess over the insured amount at risk. Generally accepted accounting principles require that assets be safeguarded.

We recommend that the town place its funds in several depositories to ensure that account balances remain below the federal depository insurance threshold or, in the alternative, have the funds in the single depository collateralized to cover the excess deposits.

1. Repeal the following provisions of the Greenwood Subdivision Ordinance adopted March 12, 1988.

#### SECTION 111. Definition of Subdivision

The division of a tract or parcel of land into three or more lots within any five-year period, which period begins after September 22, 1971, whether accomplished by sale, lease, development, buildings, or otherwise, provided that a division accomplished by devise, condemnation, order by court, gift to a person related to the donor by blood, marriage or adoption, unless the intent of such gift is to avoid the objectives of these regulations, or by transfer of any interest in land to the owner of land abutting thereon shall be considered to create a lot or lots for the purposes of these regulations.

In determining whether a tract or parcel of land is divided into three or more lots, the first dividing of such tract or parcel, unless otherwise exempted herein, shall be considered to create the first two lots and the next dividing of either of said first two lots, by whomever accomplished, unless otherwise exempted herein, shall be considered to create the third lot, unless both dividings are accomplished by a subdivider who shall have retained one of such lots for his own use as a single-family residence for a period of at least five years prior to such second dividing. Lots of forty or more acres shall not be counted as lots.

2. Amend the Greenwood Subdivision adopted March 12, 1988, as follows:

#### SECTION 111. Definition of Subdivision

A subdivision shall mean the division of a tract or parcel of land as defined in Title 30, M.R.S.A., Section 4956 and as hereafter amended except as follows:

- a. All lots of 200 acres or less shall be considered as lots unless exempted by State Law.
- b. For the purpose of this Ordinance, a tract or parcel of land is defined as all contiguous land in the same ownership, provided that lands located on opposite sides of a year-round maintained state or town road shall be considered each a separate tract or parcel of land. All contiguous land in the same ownership located on opposite sides of any other type of road shall be considered as a single parcel.

3. Repeal the following provisions of the Greenwood Sub-

division Ordinance adopted March 12, 1988.

#### SECTION IV. Preliminary Plan

A. The applicant shall submit four (4) copies of the Preliminary Plan and four (4) copies of the application for the proposed subdivision as detailed in Section VI. A and B to the Board at a regularly scheduled meeting. The Board shall issue a dated receipt to the applicant. Within thirty (30) days from the date receipt, the Board shall notify the applicant in writing either that the Preliminary Plan and application are complete, or if incomplete, the specific additional material needed to make them complete. Determination by the Board that the Preliminary Plan and Application are complete in no way commits or binds the Board as to the adequacy of the Plan to meet the criteria of Title 30, M.S.R.A., Section 4956, and the provisions of this Ordinance are met.

4. Amend the Greenwood Subdivision adopted March 12, 1988, as follows:

#### SECTION IV. Preliminary Plan

A. The applicant shall submit five (5) copies of the Preliminary Plan and five (5) copies of the application for the proposed subdivision as detailed in Section VI. A and B to the Board at a regularly scheduled meeting. The Board shall issue a dated receipt to the applicant. Within thirty (30) days from the dated receipt, the Board shall notify the applicant in writing either that the Preliminary Plan and application are complete, or if incomplete, the specific additional material needed to make them complete. Determination by the Board that the Preliminary Plan and the Application are complete in no way commits or binds the Board as to the adequacy of the Plan to meet the criteria of Title 30, M.R.S.A. Section 4956, and the provisions of this Ordinance are met.

NOTE: The only change in Section IV Preliminary Plan, is four (4) to five (5) in two places.

**Article 50.** Shall the town vote to authorize the Selectmen to appoint an Assessment Review Board? (To become effective April 1, 1990.)

**Article 51.** Resolution Supporting Property Tax Reform.

WHEREAS Property Taxes statewide have risen significantly during the last ten years, and are a concern to the citizens of our community: and,

WHEREAS Property Taxes are the most regressive taxes because people earning less income must pay a larger share of their income on Property Taxes than do people with higher incomes: and,

WHEREAS people cannot afford to pay Property Taxes which consume an ever increasing share of their income: and,

WHEREAS targeted relief via the "circuit breaker" or similar rebate programs which are intended to help those people least able to afford Property Taxes are important, they do not

help stabilize escalating Property Tax bills or help local governments fund necessary services; and,

WHEREAS excessive Property Taxes are hurting Maine's economic and business climate as well as the ability of local government to provide critical services; and,

WHEREAS the property tax is an outdated form of taxation that can no longer meet the demands of funding local government, but it still remains the primary source of revenue for Maine municipalities; and,

WHEREAS there is a STATEWIDE tax revolt brewing which could result in tax or spending caps which would hurt the ability of municipalities to provide the vital services necessary to guarantee good government and the public's health, safety, and welfare; and,

WHEREAS we believe Maine should move toward a more equitable tax system which places less emphasis on the regressive property tax, and which addresses long term reform - rather than offering stop-gap, short term relief,

NOW, THEREFORE, BE IT RESOLVED that the Municipality of Greenwood endorses legislation and efforts to achieve comprehensive property tax reform.

It is also directed that copies of this Resolution be sent to our Senator(s) and Representative(s) to the 114th Legislature and to the Governor of the State of Maine.
